In an attempt to keep our treatment affordable, we do not employ staff to process insurance. This is a cash practice. All communications between you and your insurance company are your responsibility. We will provide you with a claim form and a receipt for your pellet insertion that you may send to your insurer. In some cases, we provide a letter of necessity (when relevant) at your initial insertion. You should copy and send this to your insurance company for each of your insertions. We will not write or call any insurance company or fill out any forms, so please do not ask us to do so.

Payment is due at the time of service. We accept cash, check, Visa, MasterCard and Discover.
